

# Just the Facts:

## Kentucky Small Business Tax Credit (KSBTC)

### Incentive

The Kentucky Small Business Tax Credit (KSBTC) program allows eligible small businesses paying taxes imposed by KRS 141.020 (income tax on individuals), 141.040 (corporation income tax), or 141.0401 (limited liability entity tax) to apply for a Kentucky state income tax credit. Subject to a statutory limit of \$3,000,000 per state fiscal year, this program provides a non-refundable state income tax credit between \$3,500 - \$25,000 for small businesses that create and fill one or more eligible positions and invest \$5,000 or more in qualifying equipment or technology. Qualified applicants are eligible to receive a tax credit in an amount not to exceed the lesser of: 1) \$3,500 per eligible position; or 2) the total dollar amount invested in qualifying equipment or technology. Applicants are also subject to a \$25,000 maximum tax credit cap per applicant for each calendar year.

### Eligible Companies

Eligible small businesses include for-profit entities that have fifty (50) or fewer full-time employees at the time of application. Refer to the “Eligible Applicants” section of the KSBTC Guidelines for certain exceptions.

### Minimum Requirements for Eligible Projects

Requirements to qualify for the incentives:

- Employment and wage minimum requirement
  - « Prior to requesting a tax credit through this program, a small business applicant must create and fill one or more eligible positions. An eligible position is a full-time position that increases the base employment of the business. The position must be filled for twelve months, pay at least 150 percent of the federal minimum wage, and be subject to the individual income tax imposed by KRS 141.020.
- Investment minimum requirement
  - « An applicant must spend \$5,000 or more on qualifying equipment or technology. Qualifying equipment or technology must be purchased within six months before or after creating an eligible position. Qualifying equipment or technology is defined as tangible property purchased by the applicant business for use in the business (not for resale or personal use), with a per-unit cost of \$300 or more and expected useful life of more than one year. Examples of qualifying equipment or technology include, but are not limited to: computers, equipment, furniture, fixtures, furnishings (excluding artwork), and vehicles titled in the legal name of the business. Real property, buildings, and consumable supplies do not qualify.
- Creation of the eligible position and investment in the equipment or technology must occur within a six-month period.

Small businesses may apply for a tax credit after the following two criteria have been met: 1) at least one Eligible Position has been created and filled for twelve consecutive months (see KSBTC Guidelines for a possible exception to the consecutive months requirement); and 2) at least \$5,000 of qualifying equipment or technology has been purchased within six months prior to or after filling an Eligible Position. Applications must be submitted within the twenty-four month period after the first program requirement occurs (e.g., hire date of initial Eligible Position or purchase of initial qualifying equipment or technology).

## The Process and Fee

Before applying, potential applicants should thoroughly review the KSBTC Guidelines to determine eligibility. Go to [www.thinkkentucky.com/KSBTC](http://www.thinkkentucky.com/KSBTC) for complete submission information. Applications meeting program eligibility requirements will be accepted on a first-come, first-served basis until the \$3,000,000 per fiscal year tax credit cap has been reached. An application fee of one percent (1%) of the eligible tax credit amount will be due if the application is selected for submission to the Kentucky Economic Development Finance Authority (KEDFA) for tax credit approval.

If approved by KEDFA, the applicant is responsible for claiming the non-refundable tax credit on its tax return in the tax year in which it is approved. Unused credits may be carried forward up to five years.

Contact: For more detailed program information, go to [www.thinkkentucky.com/KSBTC](http://www.thinkkentucky.com/KSBTC) or call the Cabinet for Economic Development's Office of Entrepreneurship at (800) 626-2930.
