KEEPING MISSOURI COMPANIES COMPETITIVE!

As the state's premier company training program, Missouri Works Training is flexible and covers a wide range of recruitment and training solutions to support your workforce training needs.

Assistance through Missouri Works Training doesn't stop after your new-hires are onboard. From the ribbon-cutting to the introduction of new products or technology to upgrading skills, this program is designed to support your workforce training needs.

Missouri Works Training can be used as a result of:

- ★ New products or processes
- ★ New technologies
- ★ Competition-driven quality or productivity improvement
- ★ Relocation or expansion

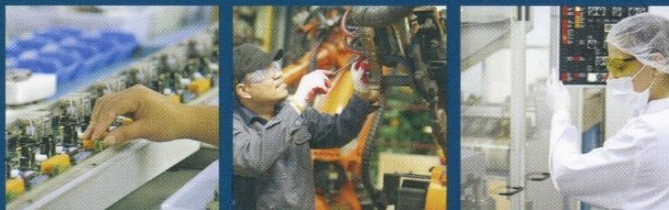

Connecting businesses with experts equipped to provide leading edge training in areas such as:

- ★ Specific Technical Skills
- ★ International Quality Standards
- ★ Lean Manufacturing
- ★ Team Building and Leadership

Recruitment and Pre-Employment Services:

Missouri Works Training provides one-on-one services to connect your company with the right candidates, as well as assists with recruitment, screening and pre-employment training for potential employees, at no cost to the business.

We help ensure that you have a properly trained workforce for your new facility or expansion through our statewide network of 12 community colleges and 31 Missouri Job Centers.
